Healing Care

God intends for us to live life to the fullest, but life doesn't always work out that way. We all have had experiences that have brought pain, created wounds within and taught us lies that keep us trapped.

Many times, believing those lies holds us back from God's intended purpose for our lives. It puts us into survival mode.

When we feel we are simply surviving, Inner Healing Prayer can shine the Light of Jesus into the dark places within to bring healing for the wounds and freedom from the lies we have believed.

When the truth of Christ is revealed, we no longer have to live in bondage to the lies we once believed.

Spiritual Direction

Spiritual direction encourages you to explore a relationship with God. In the midst of a busy life, many people find it difficult to notice God's action in their daily life. Yet, at the deepest level, all of us long for a more conscious experience of God's presence and love.

Spiritual direction is not about being *directed*. Rather, it is about being encouraged to draw closer to God. The privilege and responsibility of a spiritual director is to journey with you as you deepen your relationship with God. The journey takes place in the context of confidential one-on-one sessions with your spiritual companion.

Within each of us dwells the desire to find meaning beyond the moment, to discover our true selves, to grow closer to God and to one another. A spiritual director can help you satisfy that longing.

Life Coaching

A life coach is someone who helps you reach a goal or make a change in your life. They help you get from where you are in your life now, to where you want to go. In other words, their job is to help you get from Point A to Point B.

Your coach is someone who supports you, motivates you, and holds you accountable to achieving your vision for yourself. Whatever it is that you want in your life, they will help you get there.

While a life coach may offer you suggestions, new ideas or action steps, they are not advice givers. Instead, they listen to you and ask you the right questions to help you find your path, your truth, and your answers. Then they help you to align your life with who you are and what you want.
